About MeiraGTx

MeiraGTx (NASDAQ:MGTX) is a vertically integrated, clinical stage gene therapy company with four ongoing clinical programs and a broad pipeline of preclinical and research programs. Led by an experienced management team, MeiraGTx has taken a portfolio approach by licensing, acquiring and developing technologies that provides depth across both product candidates and indications. Though initially focusing on the eye, salivary gland and central nervous system, MeiraGTx intends to expand its focus in the future to develop additional gene therapy treatments for patients suffering from a range of serious diseases. In addition, MeiraGTx is also developing a gene regulation platform that has the potential to transform the gene therapy landscape by opening up new treatment possibilities.
